NEWS RELEASE

The Executive Committee of Elem Indian Colony, a federally recognized Indian Tribe in Lake County, California, is proud to announce that *all actions taken towards the potential disenrollment of Tribal members have been permanently withdrawn.*

The Executive Committee is also taking the necessary actions to begin the Secretarial Election process to amend Elem's Constitution with input from all members, and by that process to *permanently prohibit disenrollment.*

The Executive Committee looks forward to working with all Elem members to heal the tragic wounds of decades of internal disputes by affirming and nurturing Elem's traditional values of Tribal unity and collaboration for the benefit of all members.

Agustin Garcia  
Tribal Chairman
